Career Objective

I am seeking an entry-level software engineering position to utilize my knowledge in web development technologies and programming languages to create innovative and visually appealing web applications.

Skills

JavaScript | TypeScript | Python | SQL | CSS | HTML | React | Redux | Express | Flask | SQLAlchemy | Sequelize
Node | NPM | Git | Frontend Development | Backend Development | Full-Stack Development | English | Russian

Full-Stack Projects

Teddir (*JavaScript, Python, React/Redux, Flask, SQLAlchemy, CSS*)

[GitHub Repo](#)

- Implemented AWS s3 into the application, improving user experience and allowing for cloud image hosting
- Created a custom search feature and a multifaceted subreddit page with 4 customization options

theGramme (*JavaScript, Python, React/Redux, Flask, SQLAlchemy, CSS*)

[GitHub Repo](#)

- Collaborated with a team of 4 software engineers in a Scrum environment, creating the application within a 1-month time frame
- Spearheaded initiative to merge pull requests on GitHub, resulting in approval of over 50% of total pull requests and resolving the most merge conflicts on the team

Airbnb Clone (*JavaScript, React/Redux, Express, Sequelize, CSS*)

[GitHub Repo](#)

- Integrated third-party API, displaying room location on a map, enhancing the UI and UX
- Developed server-side and client-side of the application using JavaScript frameworks and libraries

Frontend Projects

Boggle (*TypeScript / JavaScript, React, HTML, CSS*)

[GitHub Repo](#)

- The game of boggle, using the Free Dictionary API for word definitions

Wordle (*TypeScript, React, HTML, CSS*)

[GitHub Repo](#)

- Pixel perfect clone of the New York Times Wordle game

Etch-A-Sketch (*JavaScript, HTML, CSS*)

[GitHub Repo](#)

- Etch-a-sketch with eraser, color change and resize functionality

Work Experience

Jamba - Bellevue, Washington

Shift Manager, May 2017 - April 2018

- Led a team of between 2 - 6 employees in a fast-paced, customer-facing environment
- Trained 10+ new team members and shift managers in business policies and procedures

Education

The University of Washington, Seattle Campus

Class of 2022

- *B.A. with a Major in Psychology*

App Academy Full Stack Software Engineering Bootcamp

April 2022 - October 2022

- Immersive software engineering Bootcamp with a less than 3% acceptance rate
